**LIMITED WARRANTY**

2-year Warranty: Light unit only

CatEye products are warranted to be free of defects from materials and workmanship for a period of 2 years from original purchase. If the product fails to work during normal use, CatEye will repair or replace the defect at no charge. Service must be performed by CatEye or an authorized retailer. To return the product, pack it carefully and enclose the warranty certificate (proof of purchase) with instruction for repair. Please write or type your name and address on the reverse side of the certificate. Stop your bicycle to operate the switch.

**CAUTION!**

- Before your trip, please make sure the light is firmly mounted to the bracket, it lights up, and the light is not blocked by baggage, etc.
- Stop your bicycle to operate the switch.
- This unit is not totally waterproof.
- If the light unit or parts become dirty with mud, etc., clean with a soft cloth which is moistened with mild soap. Never apply paint thinner, benzine or alcohol; damage will result.

Use the switch to turn the power ON or OFF and to change the lighting mode.

- The light will turn on in the lighting mode previously selected. (Mode memory function)

### HOW TO INSTALL BATTERY

1. Using a coin to remove the lens from the light as shown in the drawing. (1 - 2)
2. Insert the battery according to the mark stamped on the body, and then fit the lens firmly to the body. (2)

### HOW TO MOUNT TO A BICYCLE

1. Attach the bracket to the handlebar as shown in the drawing. (1 - 2)
2. Slide the light onto the bracket until it “clicks” into place. (2)
3. To remove the light, press the lever (1) and slide it off.

### HOW TO USE

- Short press : Rapid
- Long press : ON / OFF

- Rapid : Approx. 50 h
- Flash : Approx. 150 h
- Constant : Approx. 120 h

### WHEN USING THE CLIP

1. Mount the clip to the belt as shown. (3)
2. Insert the light to the clip until it clicks. (3)
3. To remove, press down the clip from the top while holding the light. (3)

**SPARE PARTS**

- 5342400 FlexTight™ bracket (SP-12-F)
- 5440900 N Clip (C-1N)
- 5342280 FlexTight™ bracket (SP-11)

**OPTION PARTS**

- 300.443.4595

**CAUTION!**

- Be sure to tighten the dial by hand. When you tighten it too hard with a tool, the screw thread may be stripped.
- Check the bracket frequently to be sure it is properly tightened at all times.
- Round off the cut edge of the bracket strap to prevent injury.

**CAUTION!**

- Do not mount the clip to the saddlebag. It may come off by vibration of the bicycle.
